We've gathered our relations and asked you all to stay  
To feel the magic of our promises that help to find the way  
Our hearts have molded us together like the wheel defines the clay  
Like the soil needs the rain

Chorus:

Before today, I couldn't find my way  
Before today, I was just a child at play  
And I want to see you when I wake up every day  
I've gone as far as I can go before today

I don't know how I got here, and I don't know if it shows  
But every day that I'm with her, this strange feeling grows  
I don't know what I'm doing, but I know that by tonight  
What is broken will be made right

[chorus]

I believe this can grow into something beautiful you know  
And I can make the changes and I can learn what I don't know  
Part of you in my soul makes the picture visible  
And I believe the moonlight needs the sun to make it glow

Now I'm standing here beside you with my intentions clear  
I'll be your companion to help you through the years  
I know it won't be easy and I know there will be fear  
But without you nothing is clear

[chorus]
