Capricorn has sailed across the lake
The mirror of the stars has faded blue
As the dawn begins to break
All that's left is the moon

I never meant to make you cry
Somehow the fire died too soon
I skipped a stone across the sky
And this blue morning moon

Star-crossed lovers you and I
Maybe our destiny is written in the sky

I wished I may, I wished I might
Then waited up to see it through
Now all that's left here of the night
Is this blue morning moon

There's nothing left for us to try
Maybe our destiny is written in the sky

Capricorn has drifted out of sight
The mirror of the stars has faded blue
Now all that's left here of the night
Is a blue morning moon
Now all that's left here of the night
Is me and this blue morning moon
